LEARNING BY DOING (LBD) MODEL

The “Learning by Doing” Model is an educational philosophy that emphasizes the importance of hands-on experiences in the learning process. In the context of colleges & universities, a variety of activities can be incorporated to bring this model to life.

These activities are often aimed at making abstract or theoretical knowledge more concrete and relevant by letting students experience it directly. Here are some activities & programs that can come under the “Learning by Doing” model.

MASTERS

- 50+ CEOs, CXOs & Founders
- 50+ Top Faculty
- 35+ CPMP Trainers

CURRICULUM

- 70% Practical Exposure
- Start own Business from campus
- Simulation Project
- Entrepreneur Mindset
- Peer-to-peer learning
- 30% Theory

PROGRAMS

- Campus Bizz & Business Meet
- Business Mastery Program (BMP)
- Certificate in Personal Mastery Programm (CPMP)
- Certificate in Innovation, Research and Entrepreneurship (IRE)

CORPORATE IS CUSTOMER (CIC) MODEL

The Corporate is customer (CIC) Model is a transformative approach to education & training, positioning corporations as primary customers. In this paradigm, educational institutions like GIBS view their faculties as the machinery, geared to equip and refine students, who are seen as the products. These ‘products’, once honed and polished, are then presented to corporates.

GIBS places its highest focus on corporates because they are not just recruiters but customers, investing in the form of fee. Recognizing this dynamic, GIBS ensures that its curriculum, training, & offerings are tailored to meet the evolving needs and expectations of the corporate world, guaranteeing a premium, industry-ready product.

90 DAYS TO 9 MONTHS MODEL

The Power of Mindset is the new psychology for Growth & Success. The 90 days to 9 months model, concentrates on building the mindset of the student in first 90 days of college. Then students will work on building skill sets to transform their future. After 9 months, students can use both mindset & skill-set to achieve success in their life. Once this formula is understood, students are ready to face any situation without fear.
